

Teresa Cumpton has been involved with the Tobacco Treatment Program at Our Lady of Bellefonte Hospital since 2010. She is the facilitator of the Community Tobacco Treatment Program, as well as the Employee Tobacco Treatment Program at Our Lady of Bellefonte Hospital. Both programs involve group counseling, one on one counseling and phone counseling. Teresa also works closely with several area businesses and agencies offering Tobacco Treatment services on an ongoing basis, most recently offering Tobacco Treatment services to area HUD residents.

Teresa is a Certified Respiratory Therapist-Neonatal Pediatric Specialist, Registered Polysomnographic Technologist and a Certified Tobacco Treatment Specialist. She is currently the Respiratory Navigator at Our Lady of Bellefonte Hospital and works on a daily basis providing disease specific education to both COPD and pneumonia patients, as well as offering Tobacco Treatment services to both inpatient and outpatients.
